I'll let Mike make the final call but I treat any addendum to an original QAPP as a revision with all QA requirements being required to be addressed.

Hi Roger,

Are you referring to the crosswalk? That was filled out and discussed with EPA in 2015 as part of the finalization of the RI/FS Work Plan and SAP.

I was able to successfully download the document. Will you also be submitting a filled out QA checklist showing where the key QAPP elements are addressed?
